CHRONARCH CH-100 93

MODEL NO.	LINE / CAPACITY	GEAR RATIO	WT. (OZ.)	BEARINGS
CH-100A	8/175, 12/130, 14/110	6.2:1	7.9	5 ball, 1 roller

Chronarch™ is the essence of what a low profile casting reel should be - small, maneuverable and incredibly smooth.

Both control over backlashes and total freespool are attained with the Shimano Variable Brake System™. Quick adjustments to the brake system are made via the TurnKey access. The one-way roller bearing SuperStopper™ anti-reverse eliminates all handle backplay for solid hooksets. The body is built to last for years as Chronarch™ is constructed with a one-piece aluminum frame. Feeling a delicate nibble is easy, 6 stainless steel bearings provide a smooth retrieve. Finally, Chronarch's small and extremely maneuverable lightweight body sits comfortably in the palm of your hand.
